What is National Youth Leadership Training (NYLT)?

National Youth Leadership Training (NYLT) is an exciting, action-packed program designed to provide youth members of the Boy Scouts of America with leadership skills and experience they can use in their home troops and in other situations demanding leadership of self and others. The NYLT course centers around the concepts of what a leader must BE, what he must KNOW, and what he must DO. The key elements are then taught with a clear focus on HOW TO. The skills come alive during the week as the patrol goes on a Quest for the Meaning of Leadership.

In 1907, Lord Robert Baden Powell took 21 youths to Brownsea Island for the first camping experience of the new Scouting program. Using the national course syllabus, this applied leadership program follows Baden-Powell's vision of training youth for leadership in troops, home, school, and the community.
